

Following on from the record results at Dean Trust Wigan last academic year and in our continuous search for further improvement, we believe that parent/carer involvement in their child's education is essential to achieving the best possible outcomes.

With this in mind we have recently started using Show My Homework at Dean Trust Wigan. Show My Homework is an online system which our teachers use to set relevant homework for your child. We believe in working closely with pupils, and parents/carers, and one of the key benefits of using Show My Homework is that we are able to securely share homework and school notices with you and so keep you up to date in real-time. This will allow your child the opportunity to demonstrate their growing understanding of the subjects they study, but more importantly the opportunity to develop their confidence and the skills and knowledge needed to make their best better. This will also enable you as a parent/carer to see all homework set including the date by which it should be completed.

To access Show My Homework either:

1. Log onto Show My Homework using <https://www.showmyhomework.co.uk> or
2. Log onto the school website and clicking on 'Show My Homework parent login' button.

Then follow the simple guidelines.

Your unique access codes for you and <<First Name>> are:

<<First Name>> Code

<< Pupil code >>

Parent/carer of <<First Name>> Code

<< Parent code >>

I would like to take this opportunity to thank you for your continued support. If you have any queries please do not hesitate to contact me, alternatively you can use the 'help' option on the 'Show my Homework' website.

Yours faithfully,

*Stephen Clarke*
