Acceptable Use Policy Statement

The Dean Trust promotes the use of technology in our schools as all pupils will need the skills and knowledge in whatever field of work they enter when they become an adult. We ensure that our Trust IT networks are robust and resilient and we do our utmost to ensure the safety of children when using it. It is important that pupils abide by their respective school rules when using technology in school and inform a member of staff immediately, if they become aware of any misuse or concern. This is the Acceptable Use Policy (AUP) for our Trust. It highlights the do's/don'ts of using all technology in our schools and shows how we want pupils to behave when using IT. Any misuse will result in pupils being temporarily banned from using the school network. In addition, the AUP covers the following legislation:

- Malicious Communications Act 1988
- General Data Protection Regulation 2018
- Computer Misuse Act 1990
- Communications Act 2003
- Sexual Offences Act 2003

Please read carefully and sign at the bottom to show you agree to these terms. If you do not sign and return this form, you will not be able to use the IT systems in school.
