

# Year 9 Options 2020

# Core Subjects

Everybody will study the following lessons:

- English Language
- English Literature
- Mathematics
- Science (Double Award)
- PE (non GCSE)

# Core French

- It is the school's vision that the curriculum offer is equal to any school in the country whether that be a grammar school, private/independent school or a comprehensive.
- Our pupils will not be disadvantaged by the curriculum on offer.
- To ensure this, a language will become part of the core subjects. These include: English Language, English Literature, mathematics, science, a humanities subject and a language.
- The majority of pupils will study French through to GCSE.
- A small number of students may be offered an appropriate alternative.

# Humanities Option

- **You must choose either Geography or History to study through to GCSE.**
- The humanities subject is a vital subject to prove to your chosen post-16 destination that you have experience of learning across a range of subjects - you are knowledgeable!

# Computer Science or Triple Science

- These are specialist subjects and are not available to everybody.
- To access the computer science curriculum you should have a keen interest in computers and a good level of mathematical skill.
- To undertake the triple science course (which will give you 3 GCSE's) you should be interested in all aspects of science and currently working at a suitable level.
- If you are unsure if you are suited to either of these courses please email [DeborahHoward@DeanTrustWigan.co.uk](mailto:DeborahHoward@DeanTrustWigan.co.uk) for guidance

**Next Steps: Through google classroom you can make your choices for your options.**

**Humanities Option : Geography or history**
